

CombineLatest

```
// User accumulate the value to input by "1" when clicking on btn  
// Reset button will emit "0"
```

```
const res$ = combineLatest(data$, q1$, q2$, q3$).pipe(  
  map(([all, q1, q2, q3]) => {  
    const res = applyFilters(all, q1, q2, q3);  
    return res;  
  })  
);
```
